

Lover's Coral Special \$15.00 each regularly \$25.00

February 2012 Pigment of the Month

Lover's Coral is a delicious, coral shade! The hot new color trend this year; it's being shown in every area of fashion for spring and summer 2012!

Be ready with Face Ink's **Lover's Coral**. A versatile lip shade that can be used on both warm and cool complexions. You can brighten **Lover's Coral** with **Pumpkin** or **New Pumpkin**. Create an earthier look by adding a few drips of **Cayenne** or **Brown Sugar**.

Rose Marie's' Needle Selection

I tend to use a smaller needle group such as the **3 Liner** or a **3 Slope®** to achieve a sharper line. I use a larger needle group like the **7 Liner** when I want a softer look.

You can choose to shade or fill-in with a **4 Flat** for greater saturation of color and a **9 Magnum** for a softer more subtle fill or shaded effect.

Upcoming Advanced Training Classes
