

Pre-Procedure Form

Our client's health is our main priority. The following all require medical clearance on your doctors Letterhead or prescription pad prior to your procedure. Please check which applies to you:

***If you are pregnant or nursing, permanent makeup procedures cannot be done.**

- Heart valve replacement
- Pacemaker
- Joint replacement (Per your Doctors' recommendation)
- Long term steroids
- Full round of Chemotherapy
- Active rashes, breakouts, open sores or fever blisters anywhere on your face
- Shingles or Bell's Palsy within 1 year
- Are you currently under a doctor's care for a condition? Explain: _____
- Do you require pre-medication for dental procedures?
- Titanium rods
- Organ transplant
- Insulin dependent diabetic
- Stents
- Screws
- Blood Thinners
- Seizures
- Lupus

Required Waiting Periods:

Do not use any facial products or cleansers with Retinol or Glycolic Acid 1-2 weeks before & after your procedure

EYEBROW

- **Botox or Disport** – 1 Day since you cannot lie flat for at least 5 hours
- **Topical Acne Cream** – Benzoyl Peroxide, Clindamycin, Proactiv – 1 week
- **Chemical Peels** that include retinols, glycolic acid (A.H.A) and Vitamin C – 4-6 weeks
- Laser Resurfacing 8-weeks
- IPL (intense pulsed light) – 1-2 weeks
- Suntanned skin – 3-4 weeks for your face and 2-3 months for scar camouflage

EYELINER

- **Eyelash extensions** must be removed 1-2 days prior to procedure
- **Contact lenses** must be removed prior to procedure, bring glasses
- **Latisse or any eyelash enhancement** (including mascaras)-minimum of 2 weeks off (causes excessive bleeding, bruising, and color may not be retained)
- Stye or Chalazion – wait 2 wks. from time of healing
- **Lasik - Cataract Surgery** – must wait 3-months to heal or 1 month prior to eye surgery
- **Eye Diseases (i.e. Glaucoma or Graves' Disease: Hyper Thyroid)** – require medical clearance
- **Blepharitis: CONTAGIOUS** – requires medical clearance

LIP

- **Fever blisters:** If you have EVER had 1 in your lifetime, you will require an antiviral (Valacyclovir) prescription from your family doctor to start as prescribed. Request enough medication for your touch-up visit to avoid 2-co-pays.
- **Fillers** (i.e. Juvaderm, Silk, Voluma, Sculptra, etc.) - 1-week minimum waiting period
- **Fat transfer in lips** –1-month waiting period for swelling to subside
